

2020-2021

# Children's Emergency "Comfort" Kit

The staff at St. Mark Preschool are organizing a disaster preparedness program. Your participation in this program is vital for your child. Please return the items listed below in a half gallon Zip-Lock bag. This is your child's personal emergency kit.

The comfort kit is designed primarily for the psychological and emotional comfort of your child. Here is a list of things you could include:

- Personal emergency information (below)
- 1-3 Non perishable type snacks such as: prepackaged crackers, granola bars, applesauce, fruit cocktail or pudding cup
- A small can or juicebox of juice or other beverage
- A family photo
- A couple diapers or change of underpants
- Several favorite bandaids

Please do not include things that could leak or melt. It is not necessary to fill the bag completely. It will be sealed and stored in a container in your child's classroom. The kits will only be used as needed after first aid needs are met. Long term needs are currently being addressed for other phases of the disaster plan.

.....Please Return This Portion.....

\_\_\_\_\_Please write a loving note to your child and include a family photo. Thank you!
